

# PROMINENCE

**As the name states, Prominence papers stand above the rest with particular distinction and reputation. The Prominence® line of SCA is a paper of exceptional quality, and every image printed on Prominence jumps off the page.**

Retailers, catalog and magazine producers will immediately see the difference when switching to Prominence. Advertisements will look sharp, clean and bright — the outstanding value will earn you the praise of your advertisers and readers alike.

Prominence is specifically designed for those customers looking for a well-crafted paper for high-volume printing. Exceptional print characteristics and consistent press room performance will make the Prominence line a standard for printers across the board.

Located on the shores of the Strait of Canso in Nova Scotia, Port Hawkesbury Paper is the leading provider and low-cost producer of supercalendered (SC) paper in North America. The SC machine at Port Hawkesbury is capable of delivering the highest quality and most efficient paper production available. Port Hawkesbury Paper's Artisan® Plus, Artisan®, Prominence® Plus, Prominence® and Maritime® lines offer a wide selection of supercalendered options to publishers and printers who are looking for premium quality paper. All Port Hawkesbury papers are available with FSC®, SFI® or PEFC® certified options and are used in retail inserts, catalogs, magazines, circulars and coupons.

Port Hawkesbury Paper is working in conjunction with West Linn Paper Company to provide an extensive product offering of supercalendered papers up to coated freesheet #2 grades.
